President, BJP

Dear Brothers & Sisters,

Our journey from the Jana Sangh to the Bhartiya Janata Party reflects our ideology and our political objectives which are different from other parties. We are in politics to pursue our guiding principle of '**Antyodaya**' and further our vision to make Bharat a superpower.

We are working relentlessly in pursuit of our twin visions. Firstly, we are committed to raise standards of living of every section of society particularly the poor, the needy, the economically marginalised, the tribals, the youth, the farmer and the women so that every person feels proud to be a citizen of Bharat. Secondly, we wish to make 'Bharat' a powerful and developed nation, providing leadership to the world.

It was four years ago that the NDA Government, under the visionary leadership of **Shri Narendra Modi**, took up the challenge of ensuring the overall development of the nation and committed to work towards a strong and prosperous country.

Today I feel a sense of joy and pride that the NDA Government has initiated transformational changes in the governance of the country. Development has now taken the shape of a movement and every citizen, from all sections of society, is now an inseparable partner in this movement. Today, not only are **22 crore families** in Bharat benefitting from the various schemes introduced by the Modi Government but Bharat's stature has risen across the world.

What propels BJP is not the politics of power, but the drive to serve the people of this nation. Our country and its every citizen are paramount for us. That is why every decision of ours is in pursuit of public welfare and not a blind quest for votes. Under the decisive leadership of Prime Minister Shri Narendra Modi, the NDA Government has **taken decisions that don't just look good but are good for the people.**

BJP has always kept the nation first, which has awakened a sense of love and trust for us in the hearts of citizens. That is why from Kashmir to Kanyakumari and from Kutch to Kamakhya, BJP is the most popular party and the ruling party across most of the states of Bharat. It is our great fortune that BJP has received immense love from every part of the country. We assure every Indian that we will toil to return their unprecedented love with unparalleled growth of the nation.

This is an account of our government's tireless efforts over the last four years. Our vision of '**Saaf Niyat aur Sahi Vikas**' is ushering transformational change in the lives of the poor, the exploited and the underprivileged.

A lot still remains to be accomplished and under the leadership of **Shri Narendra Modi**, we are committed to realising this vision to build a "New India".

Seeking Your **Blessings**

**Vande Mataram!**

With regards,
